Animal Premium Food

Premium Dog and Cat Food in 100% Food Quality. Paw's Up Promise!

For more than 10 years, „Animal Premium Food GmbH“ has been producing and distributing high-quality pet menus that convince every dog and cat owner with its high quality, nutritional concept.

Our promise for all our products:

Our team comes mainly from a food production background and is therefore very familiar with the handling and processing of high-quality food.

Our company philosophy: Only the best ingredients and the best processing!

What is good for us humans, is also the best for our four pawed friends!

Species appropriate, healthy and varied nutrition for our pets through our „Pure Indulgence“ pet menus.

Species Appropriate Recipes

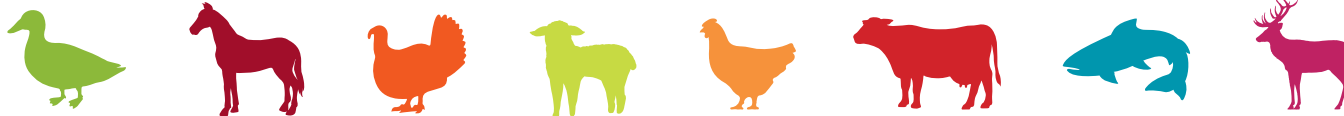

Contains 70 % meat

The formulas of our complete pet food line correspond exactly to the needs of the natural prey of your pet and are designed under scientific advice.

A highly natural diet is just as important for your cats and dogs, as it is for us humans. This lays the foundation for a healthy and long life. We therefore have made it our goal to produce high-quality & species appropriate menus.

A high meat content (approx. 70%), exclusively fresh ingredients from food production, high quality animal by-products, such as heart, lungs, liver as well as important fibers guarantee healthy nutrition.

Animal Premium Food – We Set Standards For Quality

A still life composition of various fresh ingredients on a white background. In the center-left is a large piece of raw red meat. To its right are several pieces of raw fish. Further right are two red apples and a bunch of green leafy herbs. In the foreground, there are two large orange carrots, several green cucumbers, and a small wooden mortar and pestle containing white salt. To the right of the carrots is a small glass jar filled with yellow powder and a glass bottle of olive oil labeled 'Olio'. Scattered around the ingredients are some grains and seeds.

High Quality Formulas Copied From The Models Of Nature

Animal Food From Bavaria

In Best Butcher Quality

- + Raw materials from food production selected with the utmost care
- + Composition of the menus under scientific advice
- + We pay attention to the best possible usability of our menus, thanks to high-quality by-products, such as safflower oil or brewer's yeast
- + Only natural Taurine is used in our cat menus
- + Nothing needs to be added or fed in addition to our menus
- + No artificial colors, preservatives and flavorings
- + We use no chemical ingredients, additives or soy
- + No use of animal meal, bone meal and corn meal

Advantages Intestine

Our contribution to the environment - because it matters!

- + Fully recyclable wrapping - low waste content
- + Only 15 % packaging weight compared to the can
- + Unadulterated taste -
Packaging material is diffusion-tight
- + Fresh enjoyment - cut by cut
- + No metals or harmful substances which can be transferred
into the product
- + Easy and space saving storage
- + Shelf life 24 months, unopened,
without refrigeration

Advantages Glass Jars

Crystal-clear advantages - more transparency is not possible

- + 100 % packaging transparency - you can see what's inside
- + Clean and easy to portion
- + Absolutely hygienic due to resealable screw cap
- + No unpleasant odor in the refrigerator
- + No release of harmful substances into the contents
- + Glass jar is easy to recycle or reuse
- + Shelf life 24 months, unopened, without refrigeration

Sustainable And Innovative

From processing to shipping & packaging

- + State-of-the-art production machines for consistently high quality
- + The preservation process is very gentle on the product.
The natural vitamins are largely preserved
- + Diffusion proof sausage casing - only about 15% of the packaging weight compared to a can
- + Fully recyclable sausage casing - our contribution to the environment
- + The packaging volume is incomparable to that of a can
- + **Innovative packaging for shipping with organic paper air cushion, FSC certified and biodegradable**

100 % transport protection,
easy disposal,
100 % recycling

Animal Premium Food – We Love Sustainability

Animal Premium Food – Species Appropriate Nutrition from Junior to Senior

Our Dog Menus

Just like for humans, a diet as natural as possible is important for our four-legged friends as well.
This is the foundation for a healthy and long life.

High-quality and species appropriate menus from Animal Premium Food - true pleasure, which we can feed to our four-legged friends without remorse.

Geflügeltopf

Chicken, Carrots & Potatoes

Ingredients:

A photograph of two cats in a grassy field during sunset. The sun is low on the left, creating a warm, golden glow. In the foreground, a tabby cat with light brown and white stripes is looking towards the camera. Behind it, a black and white cat is partially visible, looking down. The background is a soft-focus landscape with green grass and some distant trees.

Tierfutter in bester Metzger-Qualität aus Bayern

**OHNE Konservierungsstoffe
OHNE chemische Zusätze
100% natürlich**

Wir verzichten gänzlich auf Konservierungsstoffe, chemische Zusätze, Aromastoffe und Geschmacksverstärker.

Artgerechte Rezepturen mit 70 % Fleischanteil

Die Rezepturen unserer wertigen Tierfuttermittel entsprechen genau den Bedürfnissen des natürlichen Beutetieres und werden von wissenschaftlicher Beratung konzipiert.

Ein hoher Fleischanteil (ca. 70 %) aus der Lebensmittelproduktion sowie hochwertige tierische Nebenprodukte, wie Herz, Lunge, Leber usw. garantieren gesunde Ernährung.

Große Ausbeute pro Getreidefrucht

Entwickelt und hergestellt in Deutschland

Nur hochwertige Zutaten und Rohstoffe in Lebensmittelqualität finden den Weg in das Tierfutter von Animal Premium Food – das beste Futter für Ihren Vierbeiner.

Wir (f)leben Nachhaltigkeit

Mit gutem Gewissen – nachhaltig verpackt

Unser Fokus liegt auf dem verantwortungsvollen Umgang mit Ressourcen. Glas, wiederverwendbar, haben einen sehr hohen Wert.

Unser Beitrag für die Umwelt – weil's nicht wurscht ist

- voll recycelbare Umhüllung – geringer Müllanteil
- frischer Genuss – Schnitt für Schnitt unverfälschter Geschmack
- Verpackungsmaterial ist diffusionsticht
- für 15 % Verpackungsgewicht im Vergleich zur Dose einfache und platzsparende Lagerung

Glasklare Vorteile – mehr Transparenz geht nicht

- 100 %ige Verpackungstransparenz – man sieht was drin' ist
- sauber und einfach portionierbar
- keine Abgabe von Schadstoffen an den Inhalt
- absolut hygienisch durch wiederverschließbaren Schraubdeckel
- Glas ist sehr gut recycel- bzw. wiederverwendbar
- keine unangenehme Geruchsbildung im Kühlschrank
